

From top to bottom, award-winning ENERGY STAR qualified KB homes in Central Texas can help save you money.

KB Home is the winner of the ENERGY STAR® Leadership in Houston Award!

1 TIGHT CONSTRUCTION

KB Home seals off gaps in wiring, plumbing and ducts, and uses Polycel® to insulate and seal windows and doors.

2 INSULATION

Insulation maintains even temperatures within your home, creates a barrier to excessive heat or cold from the outside and helps lower energy bills.

3 WINDOWS AND DOORS

Double-paned, high performance Low E3 windows with argon gas help keep you cool in the summer and warm in the winter.

4 HEATING AND COOLING EQUIPMENT

Carrier® SEER cooling system uses environmentally friendly Puron® and features a digital thermostat.

EPG IS HERE!

ENERGY STAR® qualified KB homes now feature an EPG™, an Energy Performance Guide that shows you our homes' relative energy efficiency and an estimate of your average monthly bill for certain energy utilities. See a sales counselor or visit kbhome.com/epg for more details.
