

MY HOME. MY EARTH.<sup>®</sup> HOMEBUYING TIP:

# How much money you **save** is just as important as how much you **spend**.

Every Austin–area KB home is ENERGY STAR<sup>®</sup> qualified and includes energy-efficient features that can help save you thousands of dollars over the life of your new home— all at no additional cost to you.

- sealed and insulated ducts reduce air leakage and increase heating/ventilating and cooling system efficiency as much as 20%
- low-E3 windows block up to 95% of UV rays
- radiant roof barrier reduces attic temperature and cuts monthly air conditioning bills up to 17%
- high-efficiency ENERGY STAR qualified air conditioners improve comfort
- Whirlpool<sup>®</sup> ENERGY STAR qualified appliances can reduce energy and water usage by 10–50% compared to standard models
- water-conserving Whirlpool<sup>®</sup> ENERGY STAR qualified dishwashers use up to 44% less water than hand washing
